experience turned out to be a rather dull and forgettable slog. The game's surreal elements, intriguing at first, are relegated to humble window dressing and mundane props. The puzzles on normal difficulty are so basic that I really DID feel like going back to bed. Nightmare mode was better but it does not compensate for the game's overall unrealized potential. The initial spark of genius was there, but it quickly flickered away and it's back to fumbling in the dark.
